QuickFire®

At 200+ vehicles per hour, Belanger’s QuickFire® is the most powerful front, side, and rear vehicle washer on the market. With revolutionary features such as the patented Caterpillar Bearings and Dual Directional Travel action, this wrap accurately senses different vehicle widths for increased surface contact and outstanding wash results.

What’s more, the QuickFire® accommodates every vehicle with its patented oversized socket joint, which is Built-To-Tilt™ through a full 360 degrees, helping provide gentle yet thorough cleaning of vehicle front, side and back contours. QuickFire® is the only wrap that follows the car for extended cleaning, even at high line speeds. Customers love the show, and appreciate the results as QuickFire chases each car, and chases dirt off of even ‘hard to clean’ vehicle rears.

The bottom line? The QuickFire® enables tunnel operators to process vehicles at higher line speeds without sacrificing wash quality. With the patented Dyna Trigger™, the QuickFire® “fires” across the back of the vehicle for overlapping ‘taillight-to-taillight’ wash coverage, effectively eliminating rear skunk striping - no manual prepping required!
**REQUIREMENTS**

**Physical Examples**
- Tunnel Space Required: 10’ 2 1/2"
- Unit Height: 10’ 1”
- Unit Width: 12’ 9”

**Utility Examples**

**Electric Drive Option:**
- Electrical Requirements: (2) outputs from Controller @ 120 VAC (for Extend & Retract)
- (2) 1HP, 3-Phase, 208/240/460 VAC
- Pneumatic Requirements: 1 CFM @ 90-PSI minimum 120-PSI maximum
- Water Requirements: (2) 3/4” Hoses @ 8 GPM @ 40 PSI

**Hydraulic Drive Option:**
- Hydraulic Requirements: Same requirements as above plus - 6 GPM @ 900 PS

**COLOR OPTIONS**

Choose from two vivid Neo-Tex™ wash colors
