an OPW company

Introducing the **Kondor® Flight** with an all-new look, bigger and brighter light show, and enhanced revenue-generating options. All built on the foundation of the trusted and proven performance of the Kondor.

WHAT'S NEW

Impressive modern and sleeker carriage and wash manifold covers.

New advanced optional lighting system is brighter for enhanced visibility from the street.

Strategic light placement for maximum visual appeal from all angles.

Enhanced brand awareness with compelling new branding options.

Customer favorite OverGlow system for extra-revenue generation.

Standardized stainless steel carriage frame and fasteners for a rust-free and secure wash environment.

WHAT YOU KNOW

All models of the Belanger Kondor Flight touchless automatics deliver an innovative wash experience, unlike any other manufacturer's in-bay system. The KL1 (1-Arm) offers the smoothest one-arm operation ever, while the KL2 (2-Arm) further increases the user's navigational certainty and allows dual-arm chemical application and rinsing.

Every Kondor comes standard with:

- ✓ Essential Solution Delivery Injectors – including two presoaks and a wax application.
- ✓ Stainless Steel Carriage Frame
- ✓ Galvanized Travel Rails
- ✓ 25HP Motor with CAT 35/35 Pump helps ensure an extended service life and ROI.
- ✓ Omni-Directional Auto-Resetting Breakaway Arms reset themselves without intervention.

Revenue generating application options:

- ✓ Triple Foam
- ✓ Spot-Free Rinse
- ✓ High-Pressure and Foaming Waxes
- ✓ OverGlow Application System
- ✓ Bug Spray Application

Industry First LED Navigation and Active Site Marketing

With industry-first navigational and marketing LED lighting options, the Kondor Flight Trim D model is 'glowing' with possibilities. The available LED Navigation System illuminates the wash arms with color changing lights to help drivers quickly position their vehicles – increasing throughput and user satisfaction. What's more, the available 'Active Site Marketing' cycles through six LED colors to attract customers off the street and onto your site – a revolutionary advantage designed to improve your capture rate.

Increase Appeal with Compelling Branding Options

Make the Kondor Flight your own with customizable carriage cover graphics, perfect for site branding messaging.
