

Auto Sentry® Petro

The Cashless Payment Solution of Choice for Express Washes, In-Bay Automatics, and C-Stores

The industry's most capable cashless payment terminal serves as a secure, cost-effective solution regardless of your car wash format: Express Wash, In-Bay Automatic, or C-Store. Pair the Auto Sentry Petro with ICS's industry-leading license plate recognition technology to create a dedicated wash club lane to reduce upfront costs and improve throughput at your Express Wash. Or drive increased revenue per vehicle and enhanced customer convenience at your In-Bay Automatic. Or successfully address the EMV and PCI compliance concerns at your C-Store. With the Auto Sentry Petro, the choice is yours.

Auto Sentry® Petro

Auto Sentry® Petro Features & Benefits

- 15" full-sunlight-readable touchscreen display, combined with an intuitive user interface, supports a quick and easy transaction as well as a positive customer experience
- Provides your customers with the convenience of multiple payment options: EMV and magstripe credit card, gift card, fleet card, wash book, wash code, RFID/LPR, ePOS, and mobile app
- Customizable decals, on-screen graphics, videos, and animations complement your brand, help effectively market your car wash program, and enable cross marketing of products in other key categories; Food Service, Beverages, etc.
- Efficiently manage your car wash program with real-time financial information that is easily accessible from your PC, tablet, or smartphone

- Ensure the health of your car wash network by accessing uptime statistics and detailed event logs, or receive e-mail alerts for your payment terminals as well as select car wash equipment
- Simplify your PCI compliance requirements and protect your customer's credit card data with the most secure payment process possible; validated point-to-point encryption
- Anti vandalism features include motion and vibration sensors that initiate a warning video to scare off would-be vandals, turn on lights, trigger your alarm system, and send an e-mail notification
- Supports multiple languages
