

OPW
VEHICLE WASH SOLUTIONS

C-STORE CAR WASH GROWTH, SIMPLIFIED

UNLOCK GREATER REVENUE WITH A SMARTER, HIGHER-PERFORMING CAR WASH

Car washing is one of the most powerful profit drivers in the convenience retail ecosystem. As part of Dover Fueling Solutions, OPW Vehicle Wash Solutions brings C-store operators a unique 360° perspective on fueling, forecourt and vehicle wash performance.

DOVER
FUELING SOLUTIONS

POWERED BY DOVER FUELING SOLUTIONS

OPW Vehicle Wash Solutions is proud to be part of Dover Fueling Solutions, a name C-store operators already know and trust.

With leading brands like Wayne®, Tokheim®, ClearView™ and Bulloch Technologies®, DFS has spent decades helping operators run smarter forecourts through better fueling technology, payments and system integration.

OPW VEHICLE WASH SOLUTIONS FOR C-STORES

The value of a truly integrated provider

We don't just sell equipment. We bring together industry-leading wash systems, payments, chemistry and digital tools; all designed to work better together. The result? A simpler operation and a stronger wash business.

Designed for real C-store life

C-store environments are demanding. High traffic, lean teams and constant pressure to stay up and running. We understand that world because we work in it every day. Our solutions are built to be reliable, flexible and easy to operate, so your team can focus on customers, not troubleshooting equipment.

Built to grow revenue, not complexity

The right car wash doesn't just work, it works harder. From faster throughput to higher ticket values. We help operators turn car washing from "another part of the site" into a high profit center that keeps customers coming back.

A COMPLETE, INTEGRATED PORTFOLIO THAT YOU CAN TRUST

Our connected family of solutions brings together the industry's most dependable technologies:

ics

Intuitive payment terminals and controls that simplify operations while maximizing wash revenue. The Auto Sentry family of payment terminals meets any business model.

PDQ ➡

Industry-leading In-Bay Automatics engineered for reliability, performance and consistent results. Home of the legendary LaserWash, the most popular touchless IBA in the world.

BELANGER ➡

Flexible In-Bay Automatics and Mini Tunnels designed to deliver both throughput and versatility. From the touchless Kondor Flight to a loaded 50' mini tunnel.

 **TurtleWax PRO**

Value-based Turtle Wax Pro wash formulations deliver the shine customers notice. Plus ClearWash, a technologically advanced reclaim offering and the SOAX high-performance self-serve system.

WashCloud

Meet WashCloud.

WashCloud brings your entire car wash operation together in one powerful platform. Instead of guessing what's happening across your sites, you can see it clearly, and act quickly.

One simple dashboard for operations, finances and marketing

Real insights from consumer, equipment and operator data

Tools that help increase uptime, control costs and influence customer behavior

THE INTERSECTION OF PROVEN EXPERTISE AND REAL RESULTS.

An experienced team that understands your business
Our team brings deep experience in integrated C-store strategy and technology. We don't just focus on equipment; we focus on outcomes.

Support you can count on, any time
Our best-in-class service organization is built around one goal: keeping your wash performing at its best. Because when a wash goes down, revenue stops.

Local service. At your service.
Our extensive distributor network combines responsive local expertise with the strength and resources of a national organization. So wherever you operate, you're never on your own.
