

BayGlow™

BayGlow Wash Bay Illumination System

Now 2x brighter

Attract customers from the street to your wash bay with BayGlow wash illumination system. Display multiple color combinations and flashing patterns or program for holidays, special events or your site's branding requirements.

- Seamless integration to LaserWash 360 PLUS and Tandem SurfLine
- Integrated mounting system allows for ease of installation to wall, ceiling or rails
- Reduce costs or replace the need for traditional bay lighting
- 4 controllable 'pixels' in each fixture for dramatic new scrolling effects
- CE certification pending! (enabled by this new model)

For additional information please contact your Business Development Manager or local distributor.
